White FDA Gum Rubber Seamless Mandrel Wrapped Tubing 8-15-97

The rubber compound, R42-48, used to fabricate the seamless mandrel wrapped tubing is been formulated in conformance with one or more of the following FDA 21 CFR Requirements: 177.2600, 178.3620, 182.8991

Material specifications:

Specific Gravity	1,07
Durometer	45+/-5 (Shore A)
Tension	3396
Breaking Point / Elongation	571
Temperature	180 degrees F Max

User's responsibility:

This bulletin cannot cover all possible situations, which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers. It is your responsibility to use this information to develop appropriate work practice guidelines and employee instructional programs for your operation.

Disclaimer of Liability:

As the conditions or methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this material. Information contained herein is believed to be true and accurate, but all statements or suggestions are made without warranty, express or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state and local laws and regulations remains the responsibility of the user.
